⚙ ⚙ Virus & threat protection settings

View and update Virus & threat protection settings for Microsoft Defender Antivirus.

Real-time protection

Locates and stops malware from installing or running on your device. You can turn off this setting for a short time before it turns back on automatically.

❌ Real-time protection is off, leaving your device vulnerable.

⬤── Off

Turn on real-time protection to use this feature.

Dev Drive protection

Scans for threats asynchronously on Dev Drive volumes to reduce performance impact.

⬤── Off

See volumes
Learn more

Cloud-delivered protection

Provides increased and faster protection with access to the latest protection data in the cloud. Works best with Automatic sample submission turned on.

⚠ Cloud-delivered protection is off. Your device may be   Dismiss
